NO. 8.

U.S. TIMBER TO LAST ONLY 20 YEARS.

Washington, Nov. 4.—In twenty years the timber supplies in the United States on Government reserves and private holdings, at the present rate of cutting, will be exhausted, although it is possible that the growth of that period might extend the arrival of the famine another five years.

This announcement was made by Gifford Pinchot, the government forecaster, who has just returned from a six months' inspection trip, during which he traveled five thousand miles.

VISIT THE SCHOOLS.

Parents as a rule do not take the interest in the schools that they ought to. The following from the Roseau Region, a northern Minnesota newspaper, is applicable in most any community. It says:

"You have heard a great deal about our schools, talk about them and maybe wonder a little more about them than if they were in China. How many parents, business men, men of minds ever cross the threshold of the school room? How many offer a word of encouragement to teacher or scholar and let them know by your presence at least occasionally in the school room that you are an interested party, really desirous that they should succeed, and that you have their best welfare at heart? How many have personally recognized the several teachers and sought to become acquainted with them? They have the training of mind and the building of character of the school and of your boy or girl. Is not this an all important matter? How many have in kindness advised and consoled with them, showing them that you are with them in the great work, watching them well, and cheering them with an encouraging word? How few, and to say, can answer in the affirmative, and you often hear of the school and feel sometimes like complaining about one thing and another and tendering advice about matters you know nothing of. Will it help the school to be constantly finding fault, continually growing and criticizing the teacher and methods? Even though a mistake be made now and then will it better matters to pompously praise the same before the public?"

"Things are not often as we would like to have them, and surrounding circumstances are not always as we imagine or hear they are and often if we knew the exact condition and state of affairs our minds and opinions would be the reverse to what they were with our knowledge of facts. This is surely offered as a hint, and while we presume many will read it, it is our hope that some will think about it, and at least a few be induced to act upon it and visit our schools at least occasionally. You will be benefited by the visit."

280,000 IMMIGRANTS FOR 1907.

Toronto, Nov. 1.—W. D. Scott, Dominion superintendent of immigration, who was in the city today, said:

"If the last two months of the year do as well as the first ten, we will have brought into Canada 280,000 emigrants this year, as against 215,000 last year."

The increase this year he said was largely from Great Britain and the continent, there having been a slight falling off in the flow of settlers from the United States, due to the severe conditions of last winter.

Discussing the Japanese question, Mr. Scott expressed the opinion that the trouble was over and that as a result of the mission of Mr. Lemieux to Japan, Japanese immigration would be restricted. The trouble in Vancouver he attributed to labor unions.

Mr. Scott declared the Hinds unsuited to the country and that immigration should be curtailed. Chinese laborers good if limited to certain kinds of labor.

C.P.R. IN CAPITAL.

Edmonton, Nov. 2.—Wm. Whyte, president of the C.P.R., R. R. James, divisional superintendent, and J. A. M. Allison, C.P.R. solicitor, came in the city yesterday and met the council to discuss the question of entrance of the C.P.R. into Edmonton from Strathcona by means of a high level bridge. The press were excluded and it is understood that the main points on contention between the company and the city are the closing of Peace and Athabasca avenues, over which the lines of the C.P.R. are surveyed and the matter of damages arising from the construction of overhead bridges and Jagger avenue subway.

Mayor Griesbach announced this morning that as a result of the secret meeting of the council with the C.P.R. last night it is probable that the agreement whereby the C.P.R. will enter Edmonton from Strathcona by a high level bridge will be signed. Plans are being prepared and will be filed shortly. The C.P.R. agree to construct a 60 foot subway on Jagger avenue. The city bear all damage suits from private citizens for the construction of the subway. Peace and Athabasca avenues will be closed at present but the city will receive the right to take over the bridge at these points when traffic becomes more congested.

The question of a traffic floor on the high level bridge across the Saskatchewan river was not discussed. It is intended, however, that the company are willing to construct this if the city pay for it. The city is willing to see if the government will assist in this matter.

CANNOT STOP THE JAP. IMMIGRATION.

Vancouver, Nov. 4.—If the methods of the eight Vancouver Japanese employment and immigration agencies are to be investigated, it must be done under special commission, says Mackenzie King, who on Tuesday will conclude his revision of the Japanese question. He added that on his return to Ottawa he will make representations for a commission, holding the view that the scope of his present commission do not empower him to make such investigations.

If the methods of the local companies are not stopped, says Mr. King, Japanese immigration may continue however successful Lemieux may be in his mission to Japan.

His statement followed an objection taken by Howard Lindsay, council agent, on behalf of the Japanese government, while one of the company's accounts was being considered that King's commission did not empower him to enquire into its methods.

Gordon Grant, secretary of the Asiatic Exclusion League, asked John Oliver, M.A., and president of the provincial Liberal association to recommend to Ottawa the passing of the Naito act to apply to the whole of the Dominion.

If you do not want Mr. Macpherson sent to Japan, said Grant, you had better see to this. The league is satisfied that Premier Laurier is in league.

Mr. Oliver replied: I will continue to support Laurier until I am satisfied of your statement that he is in league.

OBITUARY.

This week we have to chronicle the death of James Thatcher Auten, which took place in Edmonton on Thursday, October 31.

Mr. Auten was born in Carroll Co., Ohio, September 12, 1867, moving to Indiana, then to Nebraska, when a young man, spending about thirty years of his life in Saunders and Dodge Co. About four years ago he and all the family moved to Alberta, Mr. and Mrs. Auten residing in the City of Edmonton, and the sons on farms near the city.

In the spring of this year he moved to Ponoka, and located on a beautiful little plot adjoining the town, when he had often expressed himself as being just the kind of a home he had always wished to possess—a place of quiet surroundings and all the comforts of life.

Mr. Auten's health had not been the best for the past few months, but neither the family nor his closest friends had any thought that he was to be called so soon.

His last sickness was only of a month's duration, and did not reach the acute stages until the last few days before his death. He was removed to the Sanatorium in Edmonton where it was hoped he might regain his health, every effort being put forth to accomplish this end by the best medical, medical aid and skilled nursing, but on Wednesday evening a very decided change took place, and on Thursday morning at 9:30 o'clock he passed away.

Besides Mr. Auten, he leaves five sons: Leonard, Edwin, James, Melvin, and Harry, and a daughter, Nellie, to mourn his loss, and to whom our community extend their sympathy.

Conservative Convention, for selecting a candidate for the forthcoming election, will be held in Red Deer on Thursday, Dec. 5.

A meeting was held on Monday, the 4th inst., under the auspices of the Women's Christian Temperance Union, when Mrs. Hyslop explained the methods and objects of the union, and it was decided to form a local branch. The officers elected were as follows:—President, Mrs. Habershon; vice-president, Mrs. J. A. Dick, jun., treasurer, Mrs. Nelson; secretary, Miss Derby. It was arranged to hold the first meeting of the society on Tuesday, at four o'clock, at Mrs. Habershon's.

Local News.

Robt. Dawson, of Whitby, was trading in town on Monday.

Mrs. L. L. Wink's sale, held on Friday, drew a large crowd, and prices ruled high.

Rev. Mr. Habershon has rented the John Jamieson residence, north end of town, and moved in.

Mr. A. C. Hishop, secretary of the W. C. T. U., was in town this week and addressed two meetings on temperance.

Albert Cole, of Armstrong, B.C., was in our midst this week. Albert is well known to many of us, and received a right hearty welcome from his friends.

Mr. and Mrs. W. W. Wray, of London, Ontario, who have been visiting with friends here, left for their home on Monday. The trip was an extremely successful one, and Mrs. Wray's health, and the change has been most beneficial.

Owing to the difficulty in securing proper hall accommodation, the Ponoka Literary Society will not hold the proposed meeting on Nov. 21st. The first meeting will be held on Nov. 22nd, and will take the form of a debate on the Asiatic question.

The Ferryback cremery closed on the 2nd inst., to reopen in March. Considering adverse conditions of last winter, the output was very good. \$3.00 lb. of butter was made since May 1st. This in comparison with other cremeries, is reassuring.

The following is taken from the Toronto Globe—Mr. and Mrs. David Purdy, Clergy St., Kingston, announce the forthcoming marriage at Calgary, Alberta, early in November, of their second daughter, Mary Corbetta, to James Frederick Brander, M.D., Ponoka, son of Mr. George Brander, Ponoka.

Sunday evening the Baptist Church was crowded by a large congregation, who enjoyed a splendid service. The pastor preached an appropriate sermon, and the music was excellent on the occasion. Mention must also be made of the artistic manner in which the church was decorated.

Rev. A. D. Archibald was inducted into the Ponoka Presbyterian church on Monday evening. The service was held in the church, and the usual procedure was followed.

The clergyman present were: Messrs. Hogg, of Wetaskiwin (moderator), W. L. Lacombe, Mr. Leach, of Edmonton, and Short, of Edmonton, who preached an eloquent sermon. Addresses were delivered by the clergy as also by several members of the congregation, and a few solos rendered by members of the choir. Before separating the Ladies' Aid served light refreshments. Mr. Archibald moved his family to the Iverson residence this week.

Miss C. Hathorn has taken a position in A. Reid's store.

Miss Lizzie Donovan returned from Edmonton on Sunday.

Deer hunting this month, and a number of parties are preparing for an expedition.

The town drainage is causing a little trouble again, and several openings have had to be made in the drain.

W. R. Courtright has had the painter busy on his property, rented by Geo. Barker, and now the residence looks snug and neat. There is nothing like a coat of paint to improve the looks of a building.

In securing the Misses Dickenson and Lady to give an entertainment at their anniversary services on December 5, the Presbyterian Church Ladies' Aid is to be congratulated. They come with very high commendations from the leading press in Canada.

Monday evening the death took place of Donald Allan, the three months' old baby of Mr. and Mrs. Thos. McKelvey. The little one was poorly from his birth, and the cause was not altogether unknown.

In this, the second and bereavement within twelve months, Mr. McKelvey and family claim the sincere sympathy of our community.

Wednesday evening the Methodist congregation served a most successful supper in the Purdy building on Railway street. The tables were laden with all good things, and for about two hours the tables were a vacant wast. It was a source of pleasure to witness the graceful manner in which the ladies attended the want of the hungry ones. As an outcome a very substantial sum was collected for church purposes.

A great deal of work is being put on the township line from the fair grounds west, and last week no fewer than ten teams were at work. Instead of having to make that long detour to get to the Larsen Bridge, the road has been graded straight through the sloughs.

So much having been accomplished interested parties are congratulating themselves, and well they may, for it brings them nearer town, and gives a better road with practically no heavy grades.

Just a short note from our friend and neighbor, C. M. Campbell, giving an account of his doings since leaving on the hunting expedition. He writes from Big Woods, north-west of Edmonton, and states that, although the weather has been at times a little hard work to be put in before they got through with the wagon. But although they are well out of civilization he and his companion, Roy Webster, are in a position still further north on pack ponies.

Miss M. Stretch was down from Edmonton Thanksgiving.

Miss M. Stretch will receive music pupils in Ponoka after the 18th November.

A little gold ring, found in town, awaits an owner in the Herald office.

Henry Benfield is having some very necessary improvements carried out at the Alberta Barn, and at the present time a number of horses are busy harnessing in order to level the main approach with the street.

The Calgary Hundred Thousand Club made a very short stay while passing through on Friday while passing through on Friday.

At the present time, all the attention they could devote our town had to be crowded in the space of five minutes.

A correspondent wants to know why there was no Thanksgiving services held in town churches on Thursday last, and queries if our clergymen are becoming apathetic over the crop returns. Let the preachers answer for themselves.

If the spiritual food was conspicuous by its absence, there was no lack of the proverbial big dinner. Almost every family in town—and assuredly, crop or no crop, our farmer friends were not one whit behind—had something "extra" a turkey, a goose, ducks, and, but no need to expatiate. Everyone had their fill of the good thing, and the usual social happy parties and around many a family table. So then, surely each and all, without the aid of a preacher, can give sincere thanks to the great Giver!

As would have been observed on our last week issue the firm of F. E. Algar & Co. has changed hands. Some twelve years ago Mr. Algar and H. A. French started a small store before a single residence had been erected in town. By time, as business grew, Mr. Algar's father took charge, and moved into larger premises, but it was not long before that building had to give place to the present fine store which the firm erected some seven years ago. It will be a source of gratification to many of Mr. Algar's friends to know that, although he has retired from an active business life, he is still to reside in our midst, attending to the duties of post master, amongst other avocations. To the new firm, Messrs. Taggart & Graham, we bespeak the same measure of success as the firm of F. E. Algar & Co. enjoyed.

Miss Ethel Reed, who is prosecuting her studies in Edmonton, enjoyed the Thanksgiving vacation on a visit to her father in town.

The "City of Bellevue" is the subject of Mr. Habershon's address in the Baptist church Sunday evening.

Messrs. McMillan & Farum have secured a money lending agency and are lending money at 5 per cent.

Chicago, Nov. 3.—A whole Canadian convention and the managers of the Chicago Beach hotel were brought to a recognition of United States narrowness last night by Miss Emily T. Foster of the hotel, who advised Manager Gray, that if he was to fly a British flag over his hotel he must fly an American flag from the same staff. Gray held out in favor of the Canadian convention until night, when two detectives from the Hyde Park police station called to investigate a number of complaints that had been telephoned in about the flag. Then he capitulated and banded down.

The Chicago Beach hotel is at present the headquarters of a big convention of Canadian manufacturers. Out of courtesy to the guests the Union Jack will be hoisted on the main staff.

The duck shooting competition of last week, so much spoken of and so long looked forward to, resulted in a win for the team led by Captain Groat. On Monday evening Captain Groat, Allan's team, entertained the winners at a well-dinner in the Grand View Hotel. Miss host Merkey excelled herself, and every man swore the duck that fell to his portion the best ever. After dinner a pleasant evening was spent in social intercourse and bustling reminiscence. DEARTH OF SHIPPING CARS AT RED DEER.

When not a few of our farmers are contemplating the sending of stock straight to Chicago, the experience of several parties around Red Deer is worth chronicling.

Red Deer, Oct. 24.—Cattle cars are in great demand here now as there are a large number of cattle to be shipped this fall, but the C.P.R. will not give any kind of cars to the local shippers.

The other week, Messrs Reed and Pownall ordered cars for a shipment of 250 head to Winnipeg on Saturday. The cattle were driven into the stockyards that day, ready to load, when the shippers were informed that they could get no cars, so that the men have been obliged to feed these cattle near town, and wait for the C.P.R. to supply cars.

We understand that the same thing has been going on at Ponoka where a herd of cattle are being fed at a great expense.

This is a sorry state of affairs when a railroad company like the C.P.R. cannot supply enough cars to meet the demand of the shippers.

Look out for This Man. If he offers something "better" than Putnam's Cure Extractor, it's the all dilapidated, or inferior goods that tempt him. Putnam's is the one sure painless cure. Use no other.

MUTINY AT VLADIVOSTOK

Vladivostok, Nov. 1.—The crew of the torpedo destroyer Skory, were not alone in yesterday's mutiny. The Skory, Trovashy and Sortida hoisted the red flag simultaneously. On the Skory the commander was slain and the other officers overpowered. The entire crew of fifty were included in the uprising and there was but a brief fight. There were loyal sailors, however, on the Trovashy and Sortida, who rushed to the officers assistance. The fight was desperate for a time but the loyalists were victorious.

The damage to the city from the Skory's fire is greater than the authorities have permitted to be known. The loss of life is concealed by the commandant, but a large number of soldiers and civilians are known to be killed and wounded. Through the preceding days mutiny aspirers caused uneasiness among the army officers, but the extent of the conspiracy was wholly unsuspected and the outlook on the three destroyers caught the loyalists completely unprepared.
